

Level One

DAILY WITZZLE™ FUN

Use Witzzle for a few minutes each day for a month and you will be amazed at your own improvement.

- 1: Use the date of the month as your target number.
- 2: Use one row of diagonal, vertical or horizontal numbers. Use each number ONCE AND ONLY ONCE.
- 3: Use basic operations (+, -, ×, ÷) and order of operations rules to solve for the target number.
- 4: Write your correct solution each day.

Date	Solution
Ex.	$4 - 3 - 1 = 0$
